**Subject:** *Planning Board Recommendation for Preliminary Draft PlanHoward 2030*

**To:** *Mary Kay Sigaty, Council Chairperson  
Courtney Watson, Council Vice-Chairperson  
Calvin Ball, Council Member  
Gregory Fox, Council Member  
Jen Terrasa, Council Member*

**From:** *Dave Grabowski, Chairperson  
Planning Board*

**Date:** *May 24, 2012*

### **Process**

On April 18, 2012, the Planning Board of Howard County, Maryland, held a public hearing to consider the preliminary draft of *PlanHoward 2030*, submitted by the Department of Planning and Zoning. The preliminary draft, the technical staff report (dated March 23, 2012), and public input received via email, comment cards, and *uComment* were provided for the Planning Board. In anticipation of the public hearing the Planning Board hosted three open houses held at the Miller Branch Library, the North Laurel Community Center, and the Gary J. Arthur Community Center in Glenwood. The comments cards are from these three events.

Pursuant to Section 16.900 (i) of the Howard County Code, a 30-day notice of the time and place of the hearing was published twice in a newspaper of general circulation in the County. A copy of the advertisement is on file with the Department of Planning and Zoning. A 30-day notice was also provided to neighboring jurisdictions per the 1994 interjurisdictional memorandum of understanding.

Prior to the Chair opening the public hearing for citizen comment, staff presented an overview of the plan and answered the Board's questions. Twenty-seven members of the public presented written and/or oral comments on the preliminary draft of the plan. The sign-in sheet and a copy of all written input are on file with the Department of Planning and Zoning. Additionally, video of the public input at the meeting may be viewed online at [www.planhoward.org](http://www.planhoward.org).

### **Recommendations**

During its work sessions, the Planning Board reviewed key *PlanHoward 2030* maps showing three proposed amendments to the County's Priority Funding Area (also the boundary for the Planned Service Area for Public Water and Sewer), as well as the new designated "Place Types" and "Growth Tiers" required by Maryland's Smart Growth program. The Board understands the intent and supports these designations, although it didn't review the detailed boundaries for the place designations on a parcel by parcel basis.

Based on discussion and voting at work sessions on April 19, 2012 and May 3, 2012, the Planning Board makes the following specific recommendations:
